

CIRCLEKF USER MANUAL

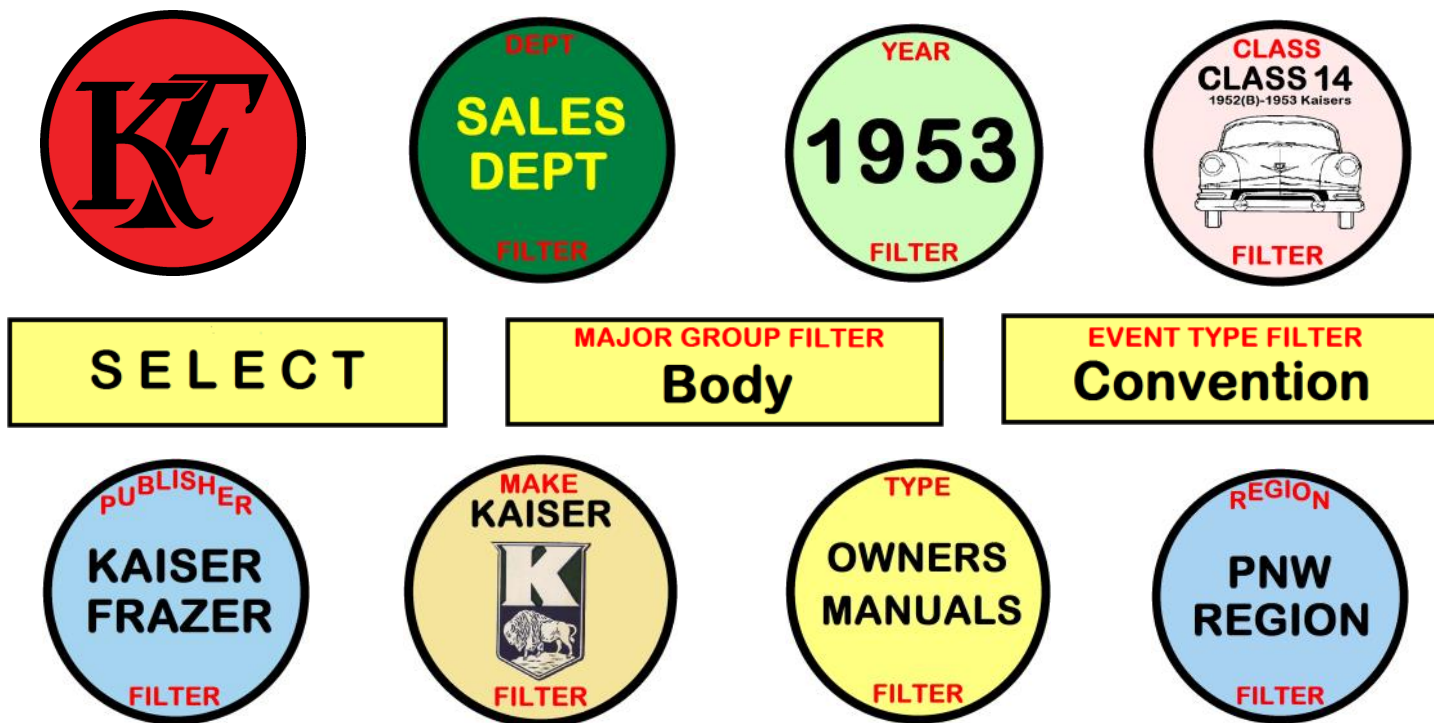

PREFACE - About this Manual

This manual is intended for users with little or no experience using the Internet. The goal of this document is to give a broad overview of the main functions of CIRCLEKF.COM website, some basic instructions on how to use the site and help folks in how to contribute to it.

Every effort has been made to ensure that this document is an accurate representation of the functionality of CIRCLEKF.COM. As with every software application, development continues after the documentation has gone to press so small inconsistencies may occur. We would appreciate any feedback on this manual and the website. Send comments via email to: Jimbetts@1791.com

These large icons might seem like a waste of space but I do not think so. They are designed for you to click on with your mouse or touched if you are using a smart phone or tablet to access this website. These icons are here to assist the user in setting “filters” on the site.

This website is driven by a database made up of more than 60 tables (files). These files currently contain more than 90,000 records. Half of these records are part number records out of the parts manuals. Thus the need for filters. A filter set will limit the records you see to just those records that match your filter or the combination of filters you may have set. The website programming has been written in a computer language called PHP. This powerful little language works well on the screen and can access SQL databases as well. In this website, over 90 programs have been created with over 100,000 lines of instructions to make this website work as it does.

All things considered please do report any issues you discover ... gently please ... and I will attempt to get them addressed as soon as possible. Enjoy the website and your Kaiser Frazer Willys Vehicles.

Travel On,

Jim Betts LM6945

Introduction

Kaiser-Frazer Corporation was the last new American auto maker to attain volume production of cars. Building over 700,000 vehicles between 1946 and 1955. These cars were manufactured and assembled mainly in Willow Run Michigan. Some however were assembled in outside assembly plants such as the one located in Vancouver, Washington in the early 50s at the Kaiser Shipyard Facility. The Kaiser-Frazer Owners Club International (KFOCI) represent owners of the Kaiser, Frazer, Henry J, Allstate, Darrin and Willys cars produced by the Company.

This website has been developed and is being enhanced daily to provide information to fellow KFers who wish to collect K-F-W (Kaiser-Frazer-Willys) literature, restore K-F-W vehicles or just finding more about this amazing car manufacture and its 10 year run. Also being documented here is 50+ years of the KFOCI, its documents and events.

Getting Started - Logging into CircleKF.com

Open up your internet browser of choice on your PC, Laptop, Smart Phone or Tablet and key up "circlekf.com" and it will direct you to its login page. By logging in as a guest you will have access to lots of information. Two departments in particular the Data Processing Department and the KFOCI (Kaiser Frazer Owners Club, International) department are secured to KFOCI Members only. Currently you will have to create your profile and await being vetted by the CircleKF Webmaster as a paid up KFOCI Member to have access to these two departments.

Creating a user profile

Once the CircleKF website is opened up the login display on the right will be shown.

Click on the Register Button to create your own user profile. Creating a User Profile will allow you to build your profile including photos of your KFW vehicles.

Session ID	User Name	Session Start Date

Welcome, guest. Please LOGIN or REGISTER BELOW

User Name:

Password:

Join CIRCLEKF.COM to learn more about your KFW vehicles and explore a mass amount of 1940-1950 era documentation. You can access site as a GUEST by logging in with no username, but some functions and features are restricted to KFOCI current members IF YOU ARE GOING TO BOOKMARK THIS SITE. This is the PAGE to BOOKMARK. Registration creation is now functional. You now have the ability to update your registration - change your password if you wish. Once registered the webmaster must vet that you are a KFOCI Member in good standing to give you access to the KFOCI Department. All other departments are available to all. Feel free to contact the webmaster asking him to hurry up and VET your KFOCI Membership!

User Profile Explanation

The **USER NAME** is the name to be used to track all of the information you personally create on the site.

The **USER PASSWORD** can be as simple or as complex as you wish. Stay away from some special characters such as single quotes('), double quotes(""), ampersands (&) and question marks (?). These may cause you problems you don't need.

The **USER FULL NAME** and **USER EMAIL** will help our webmaster know who you are, set authorities and contact you when required.

Additional User Profile Features

The CircleKF Administrator controls these additional profile features. These settings control the website and establish who has the ability to ADD / UPDATE and/or DELETE information contained on the website. The Vision in this area is allow authorized KFers around the Country / World to add and maintain the content and record information for us and future enthusiasts.

Home Page - OVERVIEW

The upper left logo on the site will always bring you back to this home page from any page on the site by clicking on it.

The round icons throughout the site are designed to be clicked with your PC mouse or pressed on if you have a SmartPhone, Tablet or PC with a touch screen.

In the upper right of each page are located **filter logos**. For example, on the home page it will open up with the following filters that can be set:

With your filters set as shown above, when pages are displayed information to all departments / years / KFW Makes / KFOCI classes are displayed. The filters can be changed by clicking on them and selecting a specific filter—which will limit the information being displayed by that selection. Multiple filters can be used and the selection criteria will take all filters into account. Trying the “**SELECT A MODEL**” option on the Home Page and adjust the filters in various combinations. Beware filters can be set in such a way that nothing will be selected. An example of this would be to set your “Year Filter” to 1953 and your “Make Filter” to FRAZER ... nothing will be selected.

Try to think of CIRCLEKF as a virtual K-F-W Dealership. We do not delivery cars but lots of information. The **Department Filter** will let you zoom in on documents and other items of interest related a selected department. Owners Manuals, Facts Books and Sales Promoters for example would be found in the Sales Department. In the Parts Department expect to find Parts Manuals and Parts & Accessory Bulletins.

Members List

LOG OFF

One unusual department to explore is the DP (Data Processing) Department (especially in the 50s). In the DP Department you will find the tables utilized to interpret the vehicle data plates, the tables used to layout the KFOCI judging forms and the KFOCI vehicle class / State and Region tables. The CIRCLEKF website is primarily driven by a database containing over 60 different tables. These tables drive the website and create the very dynamic functionality of this website. The site administrator and other users that are authorized to maintain the site tables are what allow this website to provide this vast resource of information.

SELECT A MODEL If the “Select A Model” link is clicked, the screen below will be displayed.

CIRCLEKF.com

MODELS Matching Filters Set:

[SWITCH TO LIST FORMAT](#)

 1947 Frazer Sedan 4 Door Sedan	 1947 Frazer Manhattan 4 Door Sedan	 1947 Kaiser Special 4 Door Sedan	 1947 Kaiser Sedan 4 Door Sedan	 1948 Frazer Sedan 4 Door Sedan
 1948 Frazer Manhattan 4 Door Sedan	 1948 Kaiser Special 4 Door Sedan	 1948 Kaiser Custom 4 Door Sedan	 1949 Frazer Sedan 4 Door Sedan	 1949 Frazer Manhattan 4 Door Sedan

Unfiltered the “Select a Model” link will display over 100 KFW (Kaiser Frazer Willys) models. By clicking any one of the Model Icons information specific to that model will come up. As source items such as Manuals and Bulletins are added to the site they can be assigned to one or more specific models to enhance this part of the site. By using the filter function, the information you are viewing will be narrowed down helping you find what you are search for.

SETTING A FILTER

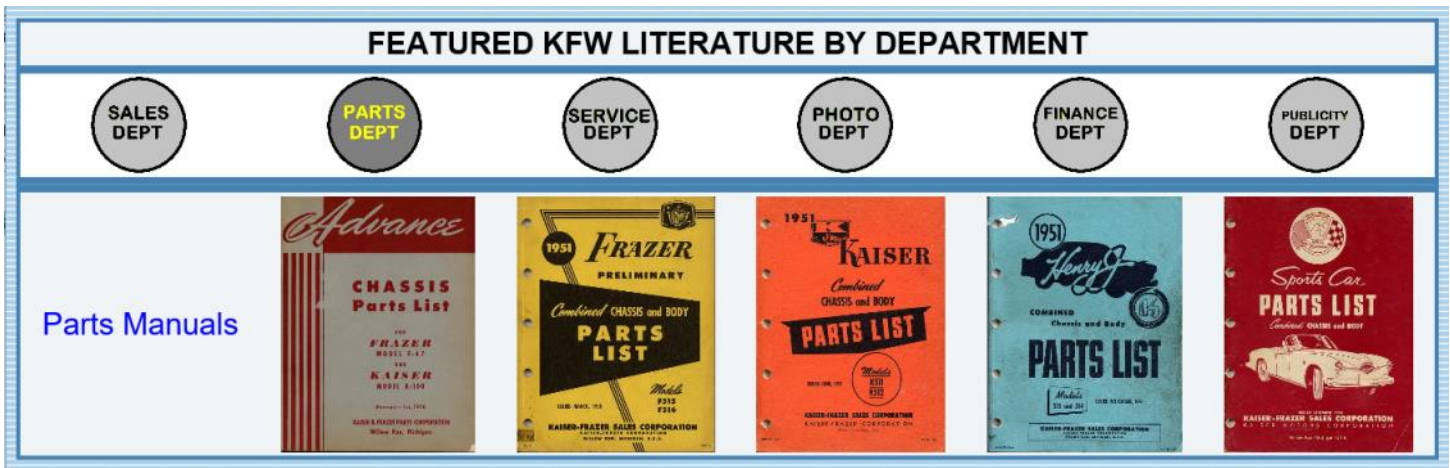

By clicking on the filters (upper right of the screen) - a list of the possible filter selections will display. Click on the one you want and the filter will be set. By selecting “ALL” that filter will have no further effect.

SET YEAR FILTER

 No Year of Production Filter	 1945 Year of Production	 1946 Year of Production	 1947 Year of Production
 1948 Year of Production	 1949 Year of Production	 1950 Year of Production	 1951 Year of Production
 1952 Year of Production	 1953 Year of Production	 1954 Year of Production	 1955 Year of Production

FEATURED KFW LITERATURE BY DEPARTMENT

This part of the Home Page was established just to provide hotlinks to examples of one selected document type within several of the departments. These are mainly just tease links to provide interest in the site. Hopefully then users will explore the site and find the specific information of interest. Also note in this case the images of the manual covers themselves are the links to be click on or touched to obtain access.

After clicking on a piece of literature - that piece of literature opens up and lets you view any and all the pages of the document.

Type: PM

Number: 550

Issue Date: 6/1/1951

Pages: 286

Next 10 Pages

You can page through documents 10 pages at a time, forward and backward. This can be frustrating on a large document like this one which has 286 pages. “**Page Number Fast Path**” lets you enter a specific page number and go right to it. The “**Quick Reference Index**” is supported on Parts Manuals. This function lets the user access the manual by Major Group and then by Group.

Bottom of the Home Page

On the bottom of the Home Page you will some additional functions:

ABOUT US - This function provides information about the PNW Region of KFOCI.

CONTACT WEBMASTER - This function provides the ability to send an email to your webmaster.

CURRENT USER: - Shows who is signed onto Circlekf.com and the provides the ability to change to a different user.

CHANGE YOUR PROFILE - This function provides the ability to modify your user profile. This includes the ability to change everything in your profile including your password.

If you desire to change your user name or delete your profile you will have to **CONTACT WEBMASTER** to have these things taken care of.

LOG OFF - This function cleans up a few things about your session. It is not required that you do this but if it makes you feel better please do so.

MEMBERS LIST - This function provides a list of members of CIRCLEKF.COM.

From here an email can be sent to other members by clicking on the envelope icon.

If other members have shared information about their KFW vehicles you can view them. The little number next to the “Garage Icon” indicates the number of vehicles shared in their garage. Click on the garage and go right in and check out their vehicles.

If it is your own garage, you can add / change or delete the information about your own vehicles.

MEMBERS LIST

KFWs IN GARAGE

This example lets you view four of the vehicles in our garage.

You will notice we have a fetish for 1953 KFW vehicles...need more garage space for a complete set.

Mbr ID	User Name	Member Name	Send Email	KFOCI Member	KFOCI Region	Location
67	jbetts	Jim Betts		Yes	PNW	Yakima Washington

ID	Info	Mbr ID	Seq	Vehicle Condition	Door Post Model	Door Post Serial	Data Plate Model	Data Plate Body	Image Thumbnail
228		67	10	Fun Driver	K-532	009468	532	4	
229		67	20	Cracked Valve under repair	K-538	001059	538	4	
230		67	30	Ready for Reassembly	K-534	005034	534	4	
231		67	40	Suspension and Brakes apart	653		kb		

If this is your own garage additional icons will display:

Plus Icon - Add additional vehicles into your garage.

Pencil Icon - Allows changing information about this vehicle

Red X Icon - Allows removal of a previously added vehicle

Lookup Icon - The Lookup Vehicle Model#s function will help you lookup the Door Post Model, Data Plate Model and Data Plate Body for your vehicle and put them in the format the website requires. When Circlekf asks for "Model#" these three numbers combined are what are required to determine a specific model. The Lookup tool will ask you to Select a Year, then Select a Make and then select your model.

This Model# is important as it helps determine which data plate, judging form to expect and assists in the interpretation of your vehicle data plate.

Browse Image Icon - The Browse Image tool will allow you to browse through your local PC, Smart Phone or Tablet and upload that image to the Circlekf website. Please keep you images around 1MB or less **and** in a horizontal format like the images shown above.

Plus Icon

SELECT

Information Icon

Click on the "Information Icon" to see more information about a specific vehicle. Like Data Plate Info, Dataplate Interpretation and additional images of the vehicle.

MODEL NUMBER DETERMINATIONS

Once the Model# has been looked up several very important things can be determined.

What Data Plate Version should be on the vehicle?

Version 1	-	1947 - 1948 Kaiser-Frazer Body Tag
Version 2	-	1949 - 1950 Kaiser-Frazer Body Tag
Version 3	-	1951 - Early 1952 Body Tag
Version 4	-	Late 1952 - 1955 Body Tag
Version 5	-	Willys (under development)

What KFOCI Classes should this vehicle be in?

Class 1	-	Convertibles & Hardtops
Class 2	-	Utility
Class 3	-	Darrin
Class 4	-	Henry J & Allstate
Class 5	-	Willys
Class 6	-	Modified (When the vehicle was added—STOCK NO was selected.)
Class 7	-	Dragons
Class 8	-	1947-48 Frazers
Class 9	-	1949-50 Frazers
Class 10	-	1951 Frazers
Class 11	-	1947-48 Kaisers
Class 12	-	1949– 50 Kaisers
Class 13	-	1951-52(A) Kaisers
Class 14	-	1952(B)-53 Kaisers
Class 15	-	1954-55 Kaisers
Class 16	-	Factory Specials

KFOCI Judging Form

Regular	-	All Vehicles not in Class 4 or Modified.
Darrin	-	All Vehicles in Class 4 Only.
Modified	-	All Vehicles if Stock (No) was selected during vehicle add or update.

When the “Information Icon” is clicked on in the garage the following information will be shown. If this vehicle is yours, the data plate elements will be input capable. Enter your dataplate information and press or click on the Save Button.

SAVE Changes made to DATA PLATE INFORMATION

The Vehicle Info starts with some photos. Do notice the Judge Vehicle Icon - to be explained a bit later.

VEHICLE INFO: DATAPLATE VERSION-V4

Vehicle Judging Form

Judge Vehicle Icon

Back on the top of the vehicle information display there was a Judge Vehicle Icon. Click on it and it will open up the appropriate Judging Form for this vehicle.

KAISER-FRAZER OWNERS CLUB INTERNATIONAL												
Official Judging Sheet												
FORM VERSION: Regular FORM DATE: 2015/08/01												
OWNER: Jim Betts LICENSE NUMBER: CLASS/NUMBER: 4 Henry J & Allstate												
YEAR: 1953 MAKE: Henry_J MODEL: 2 Door Henry_J_Corsair_Deluxe Sedan												
COLOR: MEET/YEAR: Self Judged												
INSTRUCTIONS												
Check one of the three condition codes in each line. If the item is either non K-F or an incorrect component, check the n/K-F column in addition to checking one of the three condition codes. Circle or not the incorrect item. No point loss for seat belts, air conditioner, CB, electric fuel pump, outside safety mirrors, oil coolers, directional signals, battery cut-off or clear seat covers.												
FIRE EXTINGUISHER												
Is a Fire Extinguisher visible in or near the car? Yes: ☒ No: ☐												
If no, do not judge the car and see the Chief Judge for instructions.												
View	L1	L2	L3	JUDGING CATEGORIES				Exc	Good	Fair	n/K-F	ACTION
Guideline	01	EXTERIOR										
--	01	01	BODY									
--	01	01	01	Hood; Trunk; Roof and/or Convertible Top				☒	☐	☐	☐	
--	01	01	02	Doors; Fenders and Quarter Panels				☒	☐	☐		
--	01	01	03	Rocker Panels and Lower Body				☐	☒	☐		
--	01	02	CHROME/GOLD/STAINLESS									
	01	02	01	Bumpers; Bumper Guards and Grille				☐	☐	☐	☐	
	01	02	02	Side Molding; Window Trim; Wiper Arm and Base				☐	☐	☐	☐	

Each version of the judging forms have 58 plus or minus judging categories. The categories are organized into three level.

Level One: EXTERIOR, INTERIOR, TRUNK, ENGINE COMPARTMENT, CHASSIS and INCORRECT COMPONENTS.

Each Level One is organized into Level Two sections. For example in the EXTERIOR section:

Level Two: BODY, CHROME/GOLD/STAINLESS, TIRES, RUBBER, GLASS, LENSES/PLASTIC and PAINT.

And finally Level Two is organized into Level Three sections.

For example in the EXTERIOR/BODY section:

Level Three: Hood; Trunk; Roof and/or Convertible Top
Doors; Fenders and Quarter Panels
Rocker Panels and Lower Body

These Level Three categories actually get "Scored".

Pencil Icon

Red Arrow Icon

Guideline Icon

The Red Arrow Icon indicates this category has not been scored. Click on it to start scoring with this category. As each category is scored it will proceed to the next category to be scored.

The **Pencil Icon** gives you the opportunity to re-score a category and return back to the Judging Form.

The **Guideline Icon** provides access to Judging Guidelines specifically written for this Judging Form, this judging category (L1/L2/L3) and specific to this MODEL#. Currently only a few judging guidelines have been record. Writing and recording all the required guidelines will be an enormous project but we better get started before the knowledge disappears.

The KFOCI Judging Form is typically made up of 58 categories that can be scored as Excellent, Good or Fair. In addition to these condition judgments a category can also be judged as a Non Kaiser Frazer component.

L1	L2	L3	L1 Description	L2 Description	L3 Description
01	02	01	EXTERIOR	CHROME/GOLD/STAINLESS	Bumpers; Bumper Guards and Grille

Check Condition that applies: ☒ Excellent ☐ Good ☐ Fair

Check IF Non K-F (YES or NO): ☐ Yes ☒ No

ENTER Comment in explanation:

SAVE SCORING and GO TO NEXT CATEGORY

COMPLETE SCORING for FINAL SCORE TO DISPLAY

The opportunity has been provided to enter a comment in explanation of the score select on each category.

Once all the categories have been scored the Final Score will display at the bottom of the judging form.

Guideline	06	INCORRECT COMPONENTS	Exc	Good	Fair	n/K-F	ACTION
--	06	01	Non K-F				
--	06	01	01	Miscellaneous Non K-F and Incorrect Components			
				JUDGING COMMENT-Heater Duct Missing, Duct Clamps Missing			☒

AWARDS	200 Point Maximum	COLUMN TOTALS:	24	28	2	6	58-58	
E	Excellent	0 Point Loss						
G	Good	1 Point Loss						
F	Fair	2 Point Loss						
NKF	Non K-F or incorrect item	2 Point Loss						
Gold Award			185 Points		TOTAL POINT LOSS:			44
Silver Award			165 Points		FINAL SCORE:			156
Bronze Award			145 Points		BRONZE AWARD			

Car judged by: Carl Hering and Don Chamberlain Date: 7/30/2015

For more examples of completed judging forms go the KFOCI Department, KFOCI EVENTS and select the Information Icon for the 2105 National Convention—Gettysburg. All the actual judging forms from that event have been entered as test data.

The display flow and logic for KFOCI Events and vehicles attending and then being judged is the same as member with one of more vehicles.

Guideline Icon

Judging Guidelines can also be thought of as Restoration Guidelines. These guidelines are our best guidance as to how to restore a vehicle as well as judge a vehicle. There is no guarantee that these guidelines are perfect but they are the best we have.

Guidelines once written can be assigned to a specific category (line) of one or more judging forms.

Guidelines can be associate to (a) All vehicles, or (b) A specific class or (C) A specific Model#.

Guidelines are best when supported by Kaiser Frazer documentation. This documentation can come in many different flavors. Parts Manuals, Service Bulletins, Confidential Bulletins, Advanced Information Bulletins - even Owners Manuals can provide support for a Guideline. I think of these guidelines as **objective guidelines - not influenced by personal feelings or opinions in considering and representing facts.**

However some guidelines can only be supported by observation taken from memories of the day, or from a mechanic who has worked with or dismantled several vehicles thought to be in original condition. I think of these guidelines as **subjective guidelines - based on or influenced by personal feelings, tastes, or opinions.**

Our goal here should be to make sure a majority of guidelines are subjective guidelines.

GUIDELINE EXAMPLE:

Number	L3 Description	Judging Form ID	Form Date	Level 1	Level 2	Level 3
230	Bumpers; Bumper Guards and Grille	Regular	2015/08/01	01	02	01

View Guideline	gIID	Guideline Description	All Vehicles	Class	Door Post Model	Data Plate Model	Data Plate Body
	3	Later Henry J model bumpers have a 4 inch peak in the center both front and back.	No		K-534	534	4
	5	Bumper Guards if so equipped come in pairs and bolt on through the bumper and bracket.	No		K-534	534	4
	13	The grille redesigned in 1952	No		K-534	534	4

The guideline selected for this example is shown above. Actually when looking for guidelines for the Regular Judging Form - 01 (Level 1) / 02 (Level 02) / 01 (Level 01) Bumpers, Bumper Guards and Grille, you must consider three different areas.

Bumpers - Guideline 3; Bumper Guards - Guideline 5; and Grille - Guideline 13

Let us look into guideline 3.

KFOCI JUDGING GUIDELINE INFORMATION	
Guideline Number: 3	
Description	
Later Henry J model bumpers have a 4 inch peak in the center both front and back.	
Details	
1952 through 1954 Henry Js and 1954 Kaiser Darrins utilize the same bumper - Part No. 213280.

Current Elements of a Guideline

The word “Current” was used in this first edition as we write this user manual because additional elements will no doubt add to the guideline database.

Description - The description will be a concise one liner that describes the guideline.

Details - The details are an opportunity to describe the guideline in some detail.

Comments - The comments are an opportunity to express some by the ways, caveats, also to be consider things and other minutia about the guideline.

Guideline Image - This should be a photo to help clarify the guideline.
(supporting multiple images is being considered.)

URL to Online Source- This should be connections to Source documents such as parts manuals or owners manuals with specific page numbers. For Judge and owners to reference.

(Supporting multiple links will be a must. In the above example both a Henry J and Darrin Parts Manual should be linked to support the fact that both models use the same bumper.)

Vendor Information for Guideline - If this guideline can by satisfied by something from the KFOCI Manufacturing Fund it should be mentioned here. If the parts needed for restoration such as Shock Absorbers or Spark Plugs are available at Rock Auto or Napa it should be mentioned here with current part numbers if available.

Guideline Assignments

- Judging Form ID** - Regular, Darrin or Modified ... More if required in the future
- Form Date** - 2015/08/01 for now ... as changes are made new dates will be required.
- Level 1 / Level 2 / Level 3** - These level codes zero the guideline into a specific judging category.
- All Vehicles** - This is a YES or NO - Does this guideline apply to all vehicles that use this Judging Form.
- Class** - This a Class Number - Does this guideline apply to all vehicles within a KFOCI Class using this Judging Form.
- Door Post Model / Data Plate Model / Data Plate Body**
 - This a Model # combo if this guideline applies to a specific model#.

Entering into a Department

Once you enter into a department you are asked which document type you would like to see. In the Sales Department It would look like this

SELECT DOCUMENT TYPE	DOCUMENT DESCRIPTION	STATUS
	Owners Manuals	15 Online
	Facts Books	2 Online
	Sales Promoters	31 Online

When you select a document type then a list of documents for that type will be shown:

ID	Pub	Typ	Nbr	Issue Date	MAJOR GROUP FILTER All Groups	Brief Subject	Source Icon
1477	kf	OM	010	1/1/1947	Radio Manual	1947 Custom Radio Owners Manual	
1478	kf	OM	020	1/1/1947	Owners Manual	1947 Kaiser Owners Instruction Book, blue / yellow cover, First Edition	
1479	kf	OM	030	1/1/1947	Owners Manual	1947 Frazer Owners Manual	

Each Source Document in the database has a Source ID#. This Source ID# is made up of three pieces.

PUB which stands for Publisher:

(KF) Kaiser Frazer,

(WO) Willys Overland,

(KW) Kaiser Willys,

(AC) Acme,

(GP) Graham Paige,

(DU) Dupont

TYP which stands for Document Type:

(PM) Parts Manual,

(SM) Shop Manuals,

(SS) Service Standards,

(FP) Factory Photos,

(SB) Sales Booklets

(AD) Magazine Ads,

(PA) Parts & Accessory Bulletins,

(AB) Advance Information Bulletins,

(CB) Confidential Bulletins,

(AR) Annual Reports,

(SP) Sales Promoters,

(SB) Service Bulletins,

(CP) Color Plates,

NBR which stands for Number. If documents are numbered ... use it.

If documents are not numbered, I sort them by date and number them 010, 020, 030.

As new documents are found an attempt to merge them in chronologically is being done.

Virtual Dealership

This website has been designed to be like a KFW Dealership. Separate Departments have been created and the features and documents have been stored in those departments. If you are looking for a Parts Manual go to the Parts Department. If you are looking for Service Bulletins go to the Service Department. Below is a summary of what can be found in each department.

DEPARTMENT	THINGS TO BE FOUND IN DEPARTMENT		
	Owners Manuals Facts Books Sales Promoters	Confidential Bulletins Show Room Brochures	Advanced Information Bulletins Sales Booklets Sales Memorandums
	Door Post Code Tables Data Plate Code Tables	Judging Form Tables KFOCI Tables	AVAILABLE TO VETTED KFOCI MEMBERS ONLY
	Parts Manuals	Third Party Parts Reference Kaiser Frazer Part Lookup	Parts & Accessory Bulletins
	Shop Manuals Service Bulletins	Service Standards Booklets Idea: Carburetor Specs	Color Plates Idea: Film Strips
	Factory Photos	 Annual Reports	 Magazine Advertisements

If you select the Sales Department - Then select Owners Manuals:

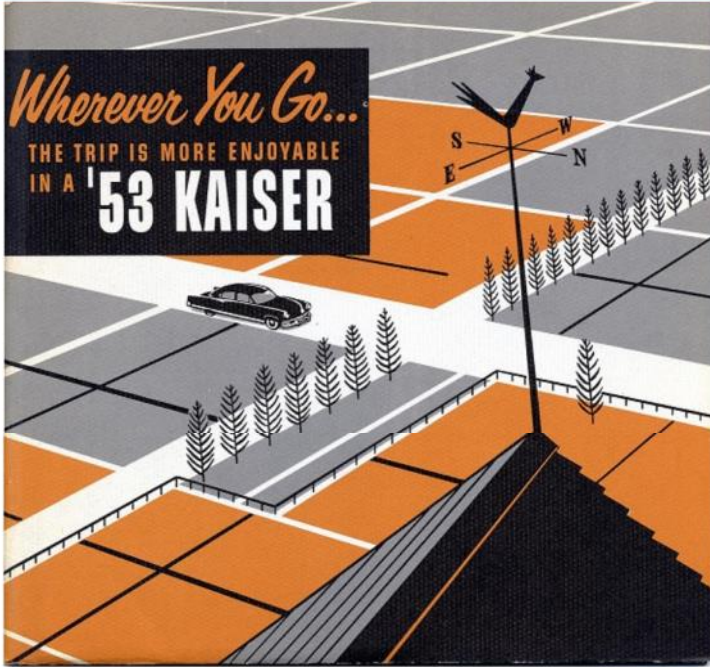

LIST OF KAISER FRAZER WILLYS SOURCE DOCUMENTS							
SOURCE DOCUMENTS Matching Filters Set:						<u>SWITCH TO 3-UP FORMAT</u>	
ID	Pub	Typ	Nbr	Issue Date	MAJOR GROUP FILTER All Groups	Brief Subject	Source Icon
1477	kf	OM	010	1/1/1947	Radio Manual	1947 Custom Radio Owners Manual	
1478	kf	OM	020	1/1/1947	Owners Manual	1947 Kaiser Owners Instruction Book, blue / yellow cover, First Edition	
1479	kf	OM	030	1/1/1947	Owners Manual	1947 Frazer Owners Manual	
RETURN TO TOP OF LIST						YEAR BREAK	

You can use your filters or just scroll down to the owners manual you are looking for.
For this example I have selected 1953 Kaiser as shown on the next page.

Source Document Detail

In the list of documents, clicking on the image of the source document will bring up the source document detail:

SOURCE DOCUMENT SELECTED:

UPCOMING KFOCI EVENTS matching FILTERS SET

ID	Info	Region	EVENT TYPE FILTER All Event Types	Event Nbr	Event Description	Start Date	Event Host(s)	Activities Vehicles	Dash Plaque
130		PNW	Spring Meet	116	2016 Spring Meet	05/20/2016	John & Grace Peek	0 Activities 0 Vehicles	---
133		ILL	Convention	1	2016 58th National Convention	07/10/2016	Gary Sand & Diane Monterastelli	0 Activities 0 Vehicles	---
131		PNW	Fall Meet	117	2016 Fall Meet	08/00/2016	Ross & Christine Davidson	0 Activities 0 Vehicles	---

The KFOCI Event display first shows “**UPCOMING KFOCI EVENTS**”, then “**PAST KFOCI EVENTS**”. Currently the events shown are primarily PNW Region Events. If other KFOCI Regions wish to participate that would be great. Contact the webmaster of CIRCLEKF.COM and we will get someone in your Region authorized to update your events both upcoming and in the past.

Notice the Region Filter is set up to show “**ALL KFOCI REGIONS**”. Set the Region Filter to one Region and only one region will be displayed.

PAST KFOCI EVENTS matching FILTERS SET									
ID	Info	Region	EVENT TYPE FILTER All Event Types	Event Nbr	Event Description	Start Date	Event Host(s)	Activities Vehicles	Dash Plaque
129		PNW	Fall Meet	115	2015 Fall Meet	09/11/2015	Bob and Kathy Dexter	0 Activities 12 Vehicles	
128		KEY	Convention	1	2015 - National Convention - Gettysburg	07/26/2015	Carl and Ceph Hering	11 Activities 62 Vehicles	
124		PNW	Spring Meet	114	2015 Spring Meet	05/29/2015	Don Fletcher, Don Chamberlain & Jim Betts	14 Activities 13 Vehicles	

After the “UPCOMING EVENTS” are displayed, “Past KFOCI EVENTS” will display.

Click on the “Information Icon” to see more information about a specific event.

Information Icon

Region is the abbreviation representation for a KFOCI Region.

Event Type The Event Type has been setup up using the PNW Regional Model - Spring Meets, Fall Meets, Mini Meets and Conventions. Certainly can be expanded if required to meet the needs of other Regions.

Click on the “EVENT TYPE FILTER” to filter the events to the desired Type of Event.

Event Nbr is a unique number within each Region. In PNW, our last meet “2015 Fall Meet” was our 115th event.

Event Description, Start Date, Event Hosts(s) and dash plaque self explanatory.

Activities Vehicles - Are counts of the records added to the database in these two categories for each event.

When you click on the Information Icon the “Display Event Information” display will come up.

The discussion here will be for National Convention Events. The same logic will apply for Regional Events, just that everything will probably be done by the Regional Historian alone.

During a Convention Event it is suggested that the duties or functions be spread across several individuals. The **Plus Icon on the upper heading line** allows members coming to the event. It is suggested this be done as the members preregister for the event. Get it done before the excitement begins. Walk ins can be added during the event certainly.

The **Plus Icon on the Member Line** allows vehicles brought by the member to be added into the database. Once the vehicle is added use the **Lookup Icon** to fill in the Model Information. With three clicks you should be able to determine the vehicle class, Door Post Model, Data Plate Model, Data Plate Body and Judging Form for each vehicle.

As the vehicle arrives take a photo of it with your digital camera or Smart Phone. Use the **Browse Image Icon** to upload the image of each vehicle. If you are using a Smart Phone you can upload the image from it. Otherwise get to a PC and upload your photo from there.

Once the Model#s have been looked up, **click** on the **Information Icon** and enter in the Data Plate Information. This data plate information will assist in Judges and will allow the data plate interpretation to happen which can be made available to the Member. Blank data plate collection forms are available if necessary. I have found using your Smart Phone to take photos of the three data plates and entering the information from there is a very effective way of capturing the data.

The **Photo Slider Icon** brings up a slider program that lets you page through photos of all the vehicles. If you are not the Historian the four right most columns will not be displayed.

PHOTO SLIDERS

On the previous page we were discussing the Event Vehicle Information.

Using the Photo Slider on this page will bring up the ability to browse through pictures of all the vehicles at the Event.

EVENT VEHICLE SLIDER

[RETURN TO KFOCI DEPARTMENT DISPLAY EVENT INFO PAGE](#)

ID	EvtID	Seq	Vehicle Owner	Vehicle Description	Door Post Model	Door Post Serial	Data Plate Model	Data Plate Body	Image By
163	128	152	Don Gordon		K-544	001158	544	4	

Event #	Region Description	Event Location	Event Hosts	Start Date	End Date	Event Addr	City State	Featured	ID
1	2015 - National Convention - Gettysburg	Aspire Hotel	Carl and Ceph Hering	07/26/2015	07/31/2015	2634 Emmitsburg Road	Gettysburg, Pennsylvania	Yes	128

Use the left arrow to go back a photo and the right arrow to advance to the next photo.

In the Activity Area of the event the Photo Slider is also available:

ID	EvtID	Seq	Activity Description	Image Thumbnail	ACTION		Browse for Activity Image	---
214	128	001	Sunday - Registration Room					
204	128	050	Sunday - Ice Cream Social					

The Regional Historian can post as many activities with images as they desire using the Plus Icon. In the Vehicle Info Area for a specific vehicle the Photo Slider is also available to scroll through the additional images for that vehicle.

ID	VehID	EvtID	Seq	Image Description	Image By	Image Thumbnail	ACTION		Browse for Additional Image	---

533	164	128	200	Nice Car Cover	Jim Betts					

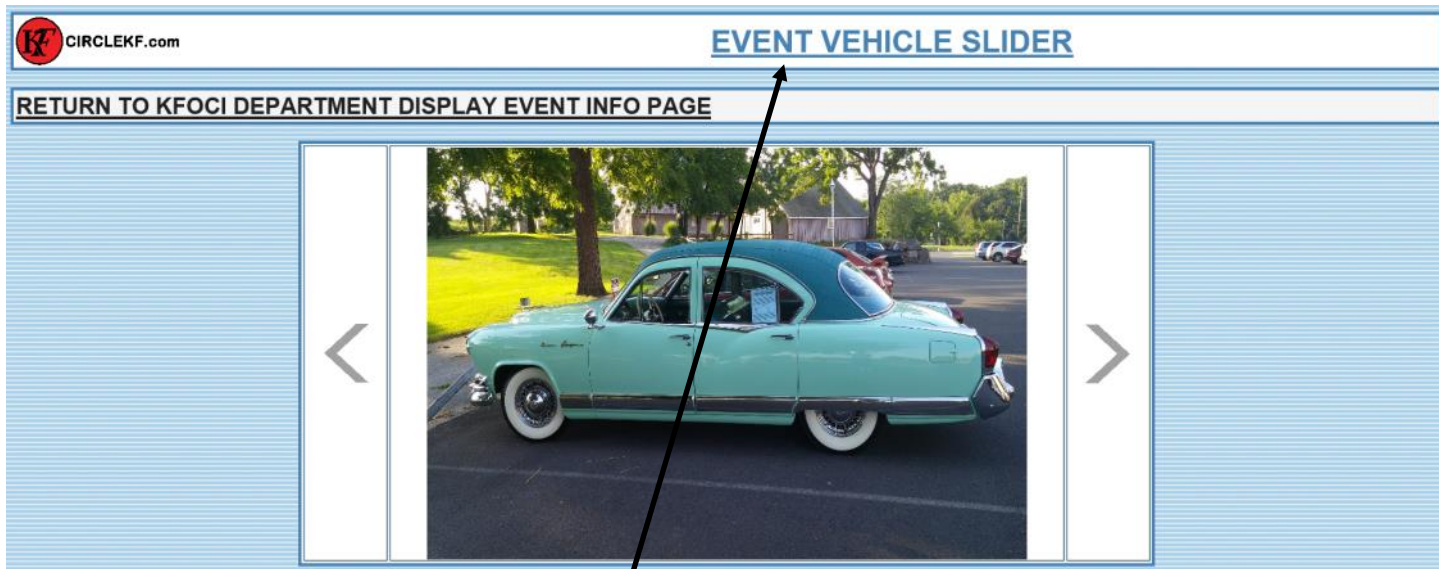

Posting Links On Other Webpages.

If you wish to post links (URL / address) to other webpages like the KF Forum or FaceBook to CIRCLEKF.COM ... Beware.

The Links on most pages on this website are very long. Example:

http://circlekf.com/index_kfoci.php?sid=9515&et=all&dp=kfoci&reg=all&typ=ev&yr=all&mk=all&cls=7&evtID=128&mbrID=1011&evtnbr=&vehseq=302&evtreg=&action=vehicle_slider

These long links if posted will function but they will expire at 5 PM and will no longer function.

If you click on the “EVENT VEHICLE SLIDER” it will bring up a display that has a short address and will not expire if posted to another website.

The Link (URL / Address) for this page is much shorter:

<http://circlekf.com/vehicleslide.php?evtID=128&vehseq=302>

This link will not expire, carries with it no identification of who posted it, no security and the page will not allow next user to take over the posters profile and authority. When you click in some images on the site they will bring up the link/address for the image. Ie: http://circlekf.com/kfevt/images/evt128_0724151839.jpg. These links are quite usable for posting and these images will down load quite nicely as well.
